

WARM UP ACTIVITY: Make a graph showing the population changes in the USA from 1790 to 2000.

Directions: Using this record from the USA census bureau , mark the graph.

- A. In 1770 there were 2,148,100 people
- B. In 1780 there were 2,780,400 people
- C. In 1790 there were 3,929,214 people
- D. In 1810 there were 7,239,881 people
- E. In 1820 there were 9,638,453 people
- F. In 1830 there were 12,866,020 people
- G. In 1840 there were 17,069,453 people
- H. In 1850 there were 23,191,876 people
- I. In 1860 there were 31,443,321 people
- J. In 1870 there were 38,558,371 people
- K. In 1890 there were 62,979,766 people
- L. In 1900 there were 76,212,168 people
- M. In 1910 there were 92,228,496 people
- N. In 1920 there were 106,021,537 people
- O. In 1930 there were 123,202,624 people
- P. In 1940 there were 132,164,569 people
- Q. In 1950 there were 151,325,798 people
- R. In 1960 there were 179,323,175 people
- S. In 1970 there were 203,211,926 people
- T. In 1980 there were 226,545,805 people
- U. In 1990 there were 248,709,873 people
- V. In 2000 there were 281,421, 906 people

Population of the USA

From 1790-2000
